PARKS AND RECREATION

November 14, 2007

To the Citizens of the District:

The District continues to maintain a strong financial position as we prepare the 2008 Budget. We believe there are sufficient funds to meet high priority demands, including rising utility costs at facilities, water cost increases for irrigating the parks, and increasing healthcare costs for employees, as well as to maintain our assets in reasonably good condition. There are, however, limited funds available to spend on maintaining what we have, new projects, programs, equipment, or other initiatives. Most available capital funds are recommended to be spent on the highest priorities under our "maintaining what we have" philosophy.

We need to continue with our strategy of increasing fees and charges yearly, where program/facility costs have gone up and where market conditions allow.

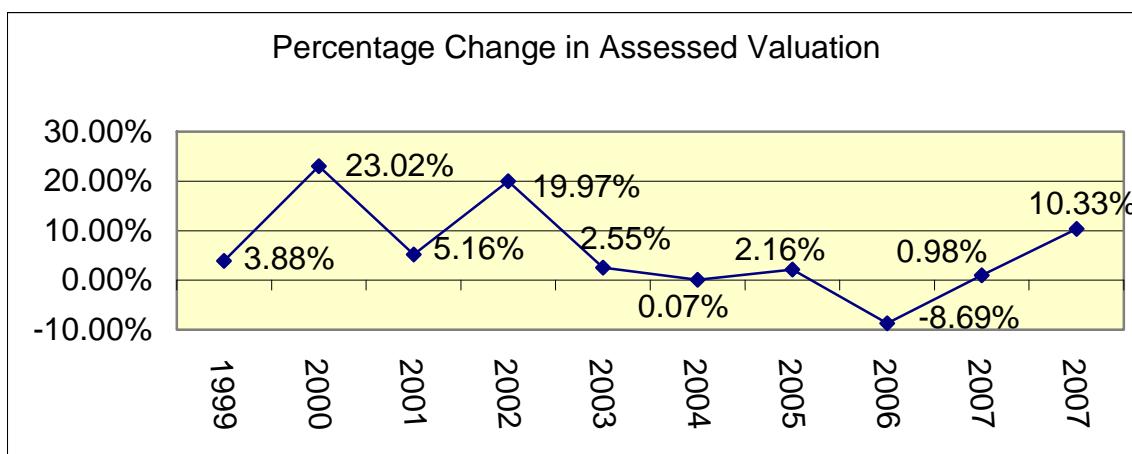

Staff builds the budget from the ground up, i.e., individuals responsible for each activity provide a detailed worksheet regarding their anticipated revenues and expenses.

This budget summary has been prepared to provide you with concise and meaningful information needed to govern, set policies, and provide direction for the District. Comparisons have been provided to the 2006 audited amounts and the 2007 year-end estimated amounts for each division. Capital outlay (including "maintaining what we have" projects) has been clearly segregated from O & M, in an effort to provide better information for decision-making and to clearly demonstrate that there is not sufficient funding available to meet all the priorities and needs.

The District continues in its tradition of sound fiscal practices and fiduciary responsibility. We anticipate ending 2007 with operating revenues ahead of operating expenses and well within our 2007 operating budget. In addition, the staff has again prioritized maintaining the assets of our park and trail system and recreation facilities in which our citizens have invested.

### Financial Trends and Measurements

The District's preliminary assessed valuation for 2007 (taxes to be collected in 2008) is \$2,283,712,213. This is a 10.33% increase. Based on this, operating property taxes are anticipated to increase over \$1 million, from \$9,257,460 in 2007 to \$10,258,435 in 2008. This does not include the voter-approved one mill levy for park and open space acquisitions and trail development, which is anticipated to increase \$213,618, from \$2,070,094 in 2006 to \$2,283,712 in 2008. The counties reassess property every two years on the even-numbered years.

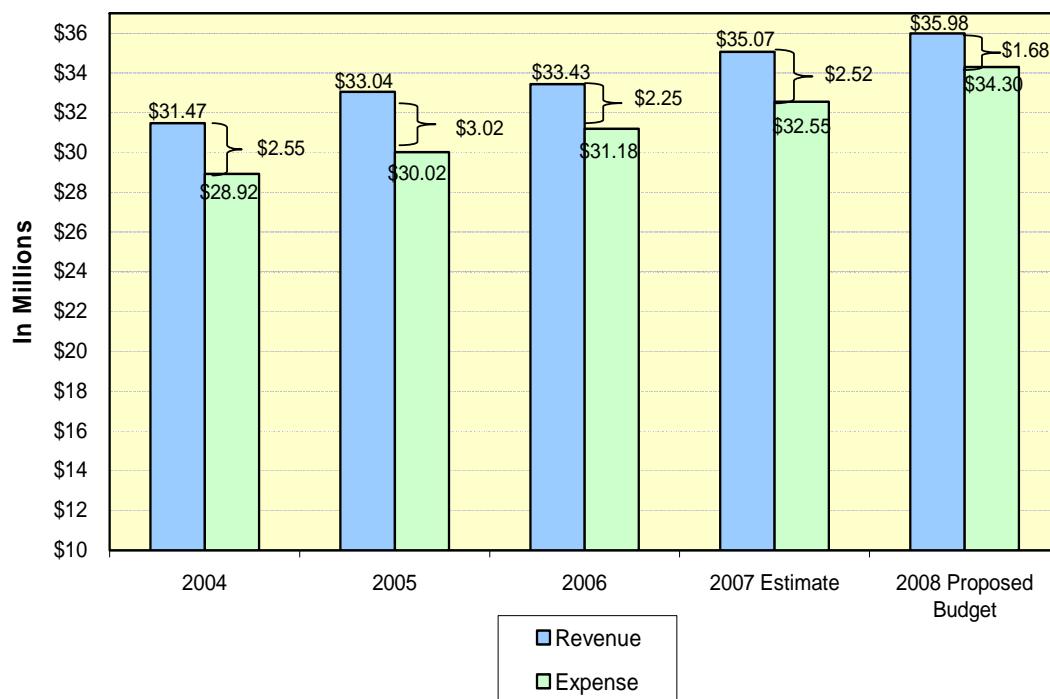

|          | Assessed Value | % Change |
|----------|----------------|----------|
| 1999     | 1,379,659,400  | 3.88%    |
| 2000     | 1,697,262,360  | 23.02%   |
| 2001     | 1,784,848,419  | 5.16%    |
| 2002     | 2,141,301,099  | 19.97%   |
| 2003     | 2,195,901,072  | 2.55%    |
| 2004 (1) | 2,197,464,192  | 0.07%    |
| 2005     | 2,244,862,790  | 2.16%    |
| 2006 (2) | 2,049,711,660  | -8.69%   |
| 2007     | 2,069,896,679  | 0.98%    |
| 2008     | 2,283,712,213  | 10.33%   |

(1) Limited growth attributable to first reassessment year after 9/11/01.

(2) Decrease related to the exclusion of Cherry Hills Village

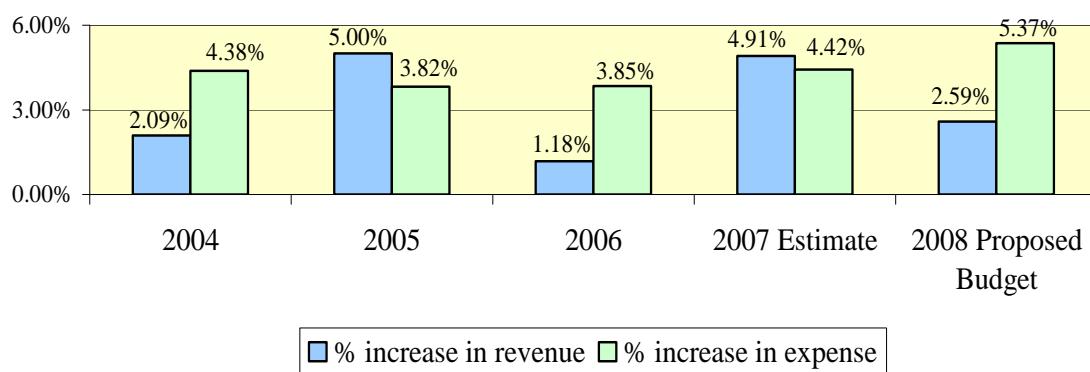

The rate of growth in operating expenses continues to exceed the rate of growth in operating revenues. Operating expenses need to be increased to meet costs of utilities, gas, water, plus employee health care benefits and salaries. This leaves the District with less funding for new capital improvements and for maintaining what we have.

## Total Operating Revenue and Operating Expense

|         | 2004          | 2005          | 2006          | 2007 Estimate | 2008 Proposed Budget |
|---------|---------------|---------------|---------------|---------------|----------------------|
| Revenue | \$ 31,465,591 | \$ 33,038,025 | \$ 33,429,129 | \$ 35,068,712 | \$ 35,978,416        |
| Expense | 28,915,519    | 30,019,502    | 31,175,491    | 32,553,821    | 34,300,849           |
|         | \$ 2,550,072  | \$ 3,018,523  | \$ 2,253,638  | \$ 2,514,891  | \$ 1,677,567         |

## Annual Percentage Change

Operating revenues reflect an increase (2008 budget vs. 2007 estimate) of 2.59%, resulting from anticipated increases in program participation and increased fees and charges in select areas. Operating expenses are projected to increase 5.37% (without capital expenses).

Proposed user fee increases are projected to be approximately \$456,000. Of this amount, approximately \$189,700 is recommended by the Golf Department, \$259,000 by the Recreation Department, and \$7,300 by the Communication/Registration Department. Proposed increases that have a major impact on District revenues include increases to range balls at all four courses; resident green fees at Littleton, Lone Tree, and South Suburban golf courses; punch cards and passes to three of the recreation centers; private lessons and birthday parties at the swimming pools; athletic programs; and ice fees at the South Suburban Ice Arena. More detailed information is located in the Fees and Charges changes packet (approved by the Board October 10, 2007).

Enterprise Fund Revenue budgeted for 2008 from fees and charges amounts to \$23,424,629. The breakdown by department, by dollars and percent, are as follows.

|                             |                      |             |
|-----------------------------|----------------------|-------------|
| Golf Department             | \$ 9,298,287         | 40%         |
| Ice Arenas                  | 5,718,722            | 24%         |
| Recreation Centers          | 5,082,044            | 22%         |
| Athletics                   | 2,101,209            | 9%          |
| Other Recreation Facilities | <u>1,224,367</u>     | <u>5%</u>   |
|                             | <u>\$ 23,424,629</u> | <u>100%</u> |

The major emphasis in preparing the budget was to:

- a) Provide funds to continue operation and maintenance of District facilities and programs.
- b) Provide funds to invest in maintaining the District's aging infrastructure.
- c) Limit the number of new staff positions to those which are clearly needed. Three new full-time staff positions have been recommended for the 2008 budget. The new positions include two upgrades from RPT, an MIS Computer Tech and a Parks Maintenance Tech for Athletic Fields; and one new position, a new Parks Maintenance Tech for Trails.

In June of 2007 the Board approved to expend an additional \$1,274,560 for capital projects that were not part of the original 2007 budget, the effect of which will be to reduce our year-end carryover.

One Mill:

The 1-mill levy earmarked for park and open space acquisition and trail development is being utilized as we promised the voters. There is \$2,054,903 reserved in 2008 for the Great Outdoors Colorado Legacy Grant match (South Platte project) if the Grant is approved. If not, we can still coordinate with the South Platte Working Group on priority projects.

Personnel:

The 2008 Budget includes a merit salary adjustment figure of approximately \$411,000, which constitutes a merit pool of 3.8%. The Mountain States Employers Council estimates an average wage increase in the Denver area of 3.7% for 2008.

Health Care:

In 2008 the District is replacing our current CNIC Health Solutions/Sloan's Lake plan with a new Great-West Healthcare plan. Great-West Healthcare will provide the provider network, all claims processing and medical plan administration, flex plan and COBRA administration as well as stop loss insurance coverage. With Great-West, there will be smaller changes to costs next year, and no changes to deductibles, out-of-pocket maximums, co-insurance, etc. The District is also changing its funding strategy to fund the plan at expected claims plus fixed cost, rather than to maximum plan cost. If the plan exceeds the expected claims level, the District does have a reserve to help cover additional costs. All of these changes result in a 4% increase in plan costs, compared to a 29% increase with no changes to the plan.

In response to employees' feedback and to offer a more equitable structure, the District will also be providing different levels or "tiers" of enrollment next year. For 2008, employees may select employee only coverage, employee & spouse, employee & children, or family. Employees who have been paying for themselves only will see a \$5 to \$7 per month increase for their coverage (1st tier). Employees who have been paying a full family rate to cover either themselves and their spouse (only), or themselves and their children (only), will pay a decreased monthly rate of \$100 or more (2nd and 3rd tiers). Employees who have been covering themselves, their spouse, and their children will pay an increased rate of \$25 to \$29 per month (4th tier).

Debt Service:

Based on the preliminary assessed valuation, the District's debt service mill levy for 2008 is 1.376, a decrease from 1.536 in 2007. This decrease is attributable to the increase in the assessed valuation and the result of the 2006 General Obligation Refunding Bonds. Our revenue bond debt service was reduced \$52,480 in 2008 as a result of the 2007 Revenue Refunding Bonds.

Basis of Accounting:

The modified accrual basis of accounting is followed in budgeting for the District. Revenue is recorded when susceptible to accrual, i.e., both measurable and available. ("Available" means collectable within the current period, or soon enough thereafter to be used to pay liabilities of the current period.) The major source of revenue, which is subject to accrual, is property taxes. Expenditures, other than interest on long-term obligation, are recorded when the liability is incurred or the long-term obligation paid. For budget or financial reporting purposes, the District does not use encumbrance accounting.

Cherry Hills Village Exclusion:

The Court Hearing for the exclusion of the City of Cherry Hills Village was completed and the Judge has released an Order. A summary of the order granted the exclusion to the City from the District in late 2004. The Judge ruled that the City would be required to pay the District approximately \$9.6 million over 15 years, with interest based on a two-year treasury note rate, along with the general obligation debt service mill levy. The City residents would not be obligated to pay the 1.0 mill levy associated with parks and open space. The City appealed the portion of the order requiring payment to the District, and the District cross-appealed as to the validity of the exclusion and certain related issues. The appeal is currently pending.

Payments received from the City of Cherry Hills Village are internally reserved until the appeal is settled. In 2007, the District has reserved \$1,892,572, and in 2008 the District will reserve an additional \$932,588.

Greenwood Village Exclusion:

The Arapahoe County District Court ruled to exclude a portion of the City of Greenwood Village commercial properties from the District. Currently the commercial properties are within both City and District boundaries. The loss of annual tax revenues to the District is estimated to be approximately \$200,000 to \$300,000 per year. This exclusion will not affect the 2008 budget, but will affect the District in 2009.

Conclusions:

The next few budget years will be extremely difficult due to the known and anticipated loss of tax revenues as a result of the municipal exclusions. The continued development of the RidgeGate project in Lone Tree as well as the Marathon and Ensor properties in Littleton over the next several years will help to replace the "lost" tax revenues and will put us in a much better financial situation, but first we have to bridge that gap and take care of our most pressing needs. Staff believes they have adequately prioritized the budget resources to continue to provide quality parks and recreation opportunities for the citizens of the District.

Sincerely,

David A. Lorenz
