To the Citizens of the District:

The District continues to maintain a positive financial position as we prepare the 2009 Budget. However, during 2008, the District experienced higher than anticipated expenditures, which included: rising utility costs at facilities, water cost increases for irrigating the parks, and increased costs of gas for vehicles, as well as higher costs to maintain many of our aging assets in reasonably good condition. It is clear that we will have less money in 2009 for maintaining what we have, new projects, programs, equipment, or other initiatives than we've had in prior years. To meet the District's highest priority needs, the proposed 2009 budget has a much smaller contingency than we are accustomed to. In the past, we have ended the fiscal year with more funds available for discretionary spending in the following year than was estimated during the budget cycle. Any excess from operations in 2008 can be used to increase the amount of contingency in the 2009 Budget.

This budget summary has been prepared to provide you with concise and meaningful information needed to govern, set policies, and provide direction for the District. Comparisons have been provided to the 2007 audited amounts and the 2008 year-end estimated amounts for each division. Capital outlay (including "maintaining what we have" projects) has been clearly segregated from O & M in an effort to provide better information for decision-making and to clearly demonstrate that there is not sufficient funding available to meet all the priorities and needs.

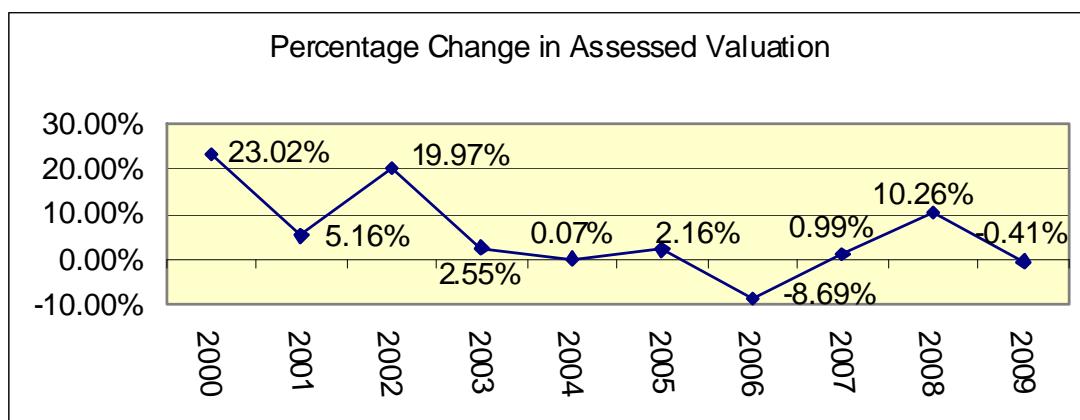

Staff builds the budget from the ground up, i.e., the individuals responsible for each activity provides a detailed worksheet regarding their anticipated revenues and expenses. The 2009 Budget was built based on the following priorities:

- 1) Preserve operations budgets. Our first priority is to maintain the level of service that we have established over the years at our various parks, open space, trails, and recreation facilities.
- 2) Maintain what we have/bare essentials. (e.g., highest-priority repairs, and other items that shouldn't wait another fiscal year)
- 3) Maintain what we have—replacement programs.
- 4) Commitment to Great Outdoors Colorado Legacy grant-South Platte Working Group (only one mill funds).
- 5) Take advantage of Arapahoe County Open Space and CDBG grant programs.
- 6) Continue to upgrade and renovate the Goodson Recreations Center, opened in 1979.
- 7) New projects—especially, those that will make money or reduce expenses.

Financial Trends and Measurements

The District's assessed valuation for 2008 (taxes to be collected in 2009) is \$2,273,270,150, a 0.41% decrease. The assessed value had increased 0.01% before the effect of the Greenwood Village commercial property exclusion (See paragraph about Greenwood Village, below). Based on this change, operating property taxes are anticipated to decrease \$686, from \$10,253,134 in 2008 to \$10,252,448 in 2009. This does not include the one-mill voter-approved mill levy for park and open space acquisitions and trail development, which is anticipated to decrease \$9,262 from \$2,282,532 in 2008 to \$2,273,270 in 2009.

The District continues in its tradition of sound fiscal practices and fiduciary responsibility. We anticipate ending 2008 with operating revenues ahead of operating expenses and well within our 2008 operating budget. In addition, the staff has again prioritized maintaining the assets of our park and trail system and recreation facilities in which our citizens have invested.

	Assessed Value	% Change
2000	1,697,262,360	23.02%
2001	1,784,848,419	5.16%
2002	2,141,301,099	19.97%
2003	2,195,901,072	2.55%
2004 (1)	2,197,464,192	0.07%
2005	2,244,862,790	2.16%
2006 (2)	2,049,711,660	-8.69%
2007	2,070,093,939	0.99%
2008	2,282,531,976	10.26%
2009 (3)	2,273,270,150	-0.41%

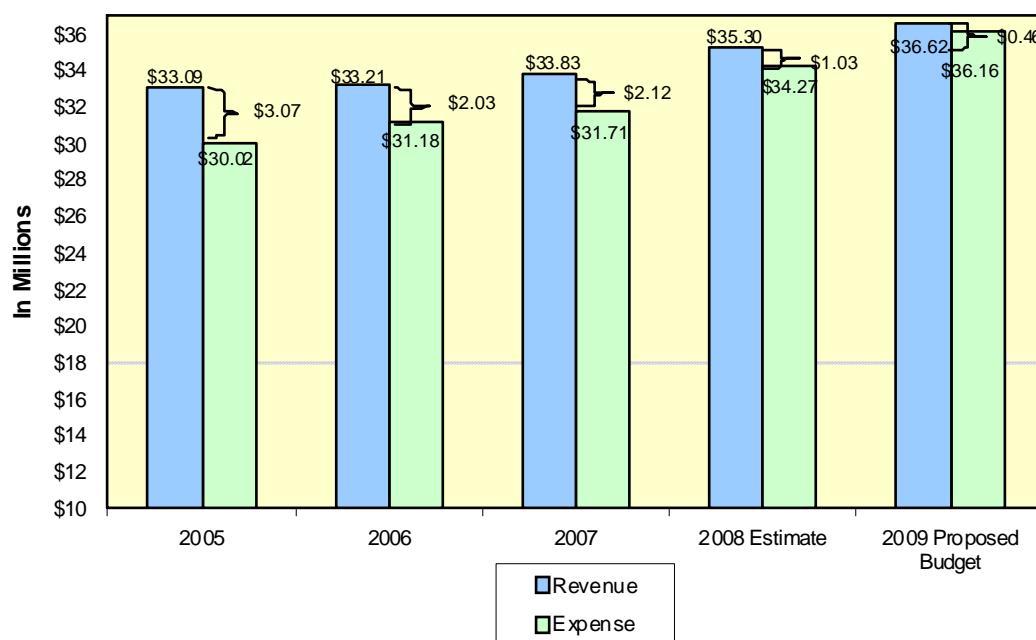

(1) Limited growth attributable to first reassessment year after 9/11/01.

(2) Decrease related to the exclusion of Cherry Hills Village

(3) Decrease related to exclusion of Greenwood Village commercial property

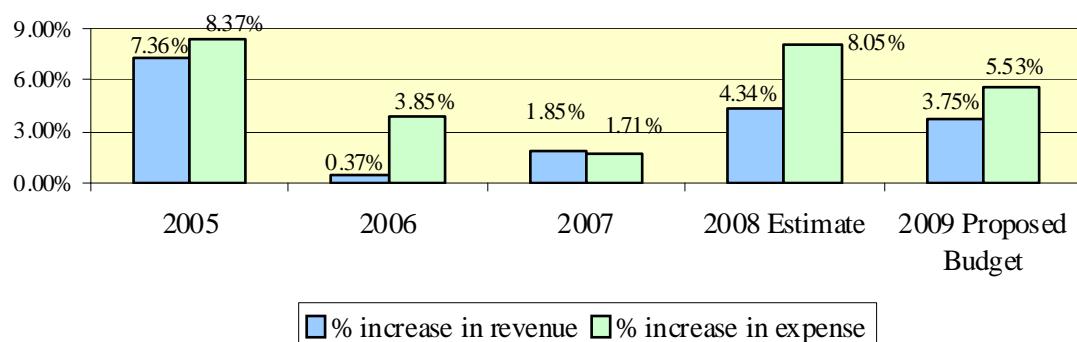

The rate of growth in operating expenses continues to exceed the rate of growth in operating revenues. Operating expenses need to be increased to meet costs of utilities, gas, water, plus employee health care benefits and salaries. This leaves the District with less funding for new capital improvements and for maintaining what we have.

Total Operating Revenue and Operating Expense

	2005	2006	2007	2008 Estimate	2009 Proposed Budget

Expense	30,021,002	31,176,991	31,711,162	34,264,808	36,161,292
	\$ 3,068,844	\$ 2,037,154	\$ 2,119,246	\$ 1,033,132	\$ 459,324

Annual Percentage Change

Proposed 2009 Budget

Operating revenues reflect an increase (2009 budget vs. 2008 estimate) of 3.75%, resulting from anticipated increases in program participation and increased fees and charges in some areas. Operating expenses are projected to increase 4.23% (without capital expenses).

Fees and Charges

We need to continue with our strategy of increasing fees and charges yearly, where program/facility costs have gone up and where market conditions allow. Proposed user fee net increases are projected to be approximately \$491,238. Of this amount, \$152,870 is recommended by the Golf Department, \$21,113 is recommended by the Parks Department, and approximately \$317,255 is recommended by the Recreation Department. Proposed increases that will have an impact on District revenues include increases to cart rentals at all four golf courses, athletic programs, the Family Sports Center, and the South Suburban Ice Arena.

Enterprise Fund Revenue budgeted for 2009 from fees and charges amounts to \$24,344,359. The breakdown by department by dollars and percents are as follows.

Golf Department	\$9,626,475	39%
Ice Arenas	5,535,259	23%
Recreation Centers	5,547,498	23%
Athletics	2,130,216	9%
Other Recreation Faciliti	<u>1,504,911</u>	<u>6%</u>
	<u>\$24,344,359</u>	<u>100%</u>

One Mill:

The 1-mill levy earmarked for park and open space acquisition and trail development is being utilized as we promised the voters. Based on estimated 2008 expenditures and projected 2009 tax revenues, there is \$3,422,031 reserved in 2009 for the Great Outdoors Colorado Legacy Grant commitments. This will meet our commitment to the Great Outdoors Colorado Legacy Grant (South Platte Working Group projects), and we still have one more year of revenue coming into the fund that can be used for other eligible projects.

Personnel:

The 2009 Budget includes a merit salary adjustment figure for Full-Time and Regular Part-Time employees of approximately \$415,000, which is based on a 3.5% Performance Reward Plan. It also includes an additional \$92,000 to fund an approximate 1% increase for the transition from a January to a March merit reward distribution schedule. The Mountain States Employers Council estimates an average wage increase in the Denver area of 3.6% for 2009.

Health Care:

The 2009 budget for employee benefits is the same as 2008. Based on current projections, the 2008 premium amounts should be sufficient to cover claims and fees for 2009.

Debt Service:

Based on the preliminary assessed valuation the District's debt service mill levy for 2009 is 1.320 a decrease from 1.376 in 2008. This decrease is attributable to the 2008 bond refunding.

Basis of Accounting:

The modified accrual basis of accounting is followed in budgeting for the District. Revenue is recorded when susceptible to accrual, i.e., both measurable and available. (Available means collectable within the current period or soon enough thereafter to be used to pay liabilities of the current period.) The major source of revenue that is subject to accrual is property taxes. Expenditures, other than interest on long-term obligation, are recorded when the liability is incurred or the long-term obligation paid. For budget or financial reporting purposes the District does not use encumbrance accounting.

Cherry Hills Village Exclusion:

The Court Hearing for the exclusion of the City of Cherry Hills Village was completed and the Judge has released an order. A summary of the order granted the exclusion of the City from the District late in 2004. The Judge ruled that the City would be required to pay the District approximately \$9.6 million over 15 years with interest based on a two-year treasury note rate, along with the general obligation debt service mill levy. The City residents would not be obligated to pay the 1.0 mill levy associated with parks and open space. The City appealed the portion of the order requiring payment to the District, which the City Lost. The City has filed another appeal, which is still pending.

Payments received from the City of Cherry Hills Village have been reserved internally until the appeal is settled. As of December 31, 2008 the District has reserved \$2,194,182 and has reserved an additional \$1,751,077 in 2008 for the 2008 and 2009 payments.

Greenwood Village Commercial Properties Exclusion:

The Arapahoe County District Court ruled to exclude a portion of the City of Greenwood Village commercial properties from the District that currently are within both City and District boundaries. The loss of annual general fund and 1-mill fund tax revenue to the District is approximately \$220,000, starting with the 2009 budget year.

Conclusions:

The next few budget years will be even more difficult due to the known loss of tax revenues as a result of the municipal exclusions, possible tax revenue decreases due to reassessment, and increases in required expenditures. The continued development of the RidgeGate project in Lone Tree over the next several years will help to replace the "lost" tax revenues and will put us in a better financial situation, but first we have to bridge that gap and take care of our most pressing needs. Based on these considerations, staff believes they have adequately prioritized the budget resources to continue to provide quality parks and recreation opportunities for the citizens of the District.

Sincerely,

David A. Lorenz
