South Suburban Recreation Centers feature Local Artists in August

South Suburban Parks and Recreation's Goodson, Lone Tree, and Douglas H. Buck recreation centers are featuring temporary art exhibitions by local artists during the month of August.

Frank Foster began his career with a traditional education in painting and drawing. Since then he has applied those skills into the digital world of Photoshop, Illustrator, Poser and Painter. It's that path that gave him the ability to work proficiently in a great variety of styles and media. Book covers have become the focus of his work for the last eight years. Frank says he enjoys the multiple challenges and decisions involved in creating a piece that reflects the essence of his message. Come to Douglas H. Buck Recreation Center, 2004 West Powers Avenue, Littleton, 303-797-8787 August 1-29, 2013 and enjoy the work of this talented artist.

Dustin (Dusty) Hagerty is a professional photographer whose photographs will be displayed August 1-29, 2013 at Goodson Recreation Center, located at 6315 S. University Blvd., Centennial, 303-798-2476. Dusty has traveled extensively photographing scenery, animals, people, buildings, art, and many other subjects. Travel with Dusty in this final month of summer vacation while viewing his beautiful photographs.

Darlene Kuhne's artwork will be shown August 1-29, 2013 at Lone Tree Recreation Center at 10249 Ridgeway Circle, Lone Tree, 303-708-3500. Darlene is a colorist, abstract expressionist painter, who composes her paintings with design and composition in mind. She carves lines and shapes into the texture, then uses the play of color and directional lines to give her paintings depth and strength. The viewer's eye follows the path of the lines, shapes and colors to take a journey around the painting. You will certainly be treated to an adventure in painting.

South Suburban's Public Art Committee encourages Colorado artists to submit an application to temporarily display their artwork at various South Suburban recreation facilities.
